About the Author Nathan Allen has been working in test prep and testing RD for 25 years. He's written testing and test prep materials for several companies/organizations, and has assisted over 20,000 students in reaching their testing goals. Now, for the first time, he publishes his own material for the new SAT. He also thinks the SAT is boring (as you'll find in the book) but happens to be very good at raising scores. Students

who want higher scores without being bored to death will appreciate the approach SAT Hacks takes.
