Description : English offers perhaps the richest vocabulary of all languages, in part because its words are culled from so many languages. It is a shame that we do not tap this rich source more often in our daily conversation to express ourselves more clearly and precisely. Many a vocabulary book lists esoteric words we quickly forget or feel self-conscious using. However, there is a bounty of choice words between the common and the esoteric that often seem to be just on the tip of our tongue. Vocabulary 4000 brings these words to the fore. All the words you need for success in business, school, and life! Features: * 4000 Words Defined * Word Analysis section * Idiom and Usage section * 200 Prefixes, Roots, and Suffixes * Concise, practical definitions * Great for the SAT, GRE, TOEFL, and other entrance exams

Very useful. I am an English major and had never seen the majority of the words listed in here! Since I am

always looking to learn interesting new words, this was a real find. It is an excellent tool while preparing for the verbal section of the GRE and learning more colorful terms in general. --A Student Great book! I use this excellent book in my ESL classes, and it really is a very useful and valuable resource, which I highly recommend for anyone that is learning English as a second or foreign language. --bbsv
